

Dear Business Leader:

Please help us give our youth in Deep East Texas more opportunities:

Workforce Solutions is searching for employers who are interested in providing training in a work environment for eligible youth, ages 16-24, during the summer. **Moving Youth in a New Direction** is an 8 week summer program where you provide the training and we pay the wages.

Our goal is for youth to work and learn both basic job skills and gain work experience so that our youth are prepared for the demands of the world of work. In return, local business will benefit from a more experienced, motivated and trained workforce.

For more information please call our Business Services Specialist at (409) 384-9031 or visit our Website, [www.detwork.org](http://www.detwork.org).

Your decision to help our young people now, will build a stronger community, stronger businesses, and a stronger Deep East Texas in the future.

Sincerely,

*Maria Kassabaum*
